You may not:

- Redistribute the fonts in any way, including versions derived from them

You may:

- Use the fonts in any number of personal and commercial projects, regardless of the number of users
- Use the fonts to create branding and advertising designs
- Use the fonts to design physical and virtual products
- Use the fonts in live and recorded videos
- Use the fonts by embedding them in websites or apps, doing what's possible to render them inaccessible as font files

In short:

- The fonts should not be used as if they were your products, but as tools to create and define your products
